

Dear Cousin

1753/6

I Call'd upon your Aunt last m^o. the Answer
was just as I Expected, she would give me no positive Ans^r.
Notwithstanding the message from Mr. Brymer, she said it
was none of my Business, and that she had not sent me
wt. any message, & therefore she would not give me any
answer to what I Brought, &c. of which I Inform'd
Mr. Brymer this morn^g. He said he found she was
whimsicall, would give himselfe not farther Concern but
would ~~send~~ provide what necessaries you wanted himselfe

I got safe home after a veray Disagreeable Journey
last Sunday night. — Please give my Compliments or
best respects to Mr. & Mrs. Morrison, also remember me
to my Unnatural Cousin James, who thinks himselfe above
being on his Cousin when in town, You ^{need} not acquaint
my particular Contents of my Letters as his Dispos^{ition}
is such as will make bad worse —

When you write to Orkney be sure to remember
them not to hurry in sending their Letters by those friends
of Mr. Baithies, as in all probability he will loose
his seat in parliament, tis much against them & will
be Determin'd tomorrow I conclude wt. Love

Sunday Noon
