

David Brews

1816/3/17

Hirkwall 3^d February

1816.

Dear Sir

I have been favored with
yours of the 31st ult^o.
I wish you had sent me a State
of the Counter claim against Sir Wm. G. G. G.
to which you allude. To prevent decree going
against you in Mr. Rae's action, it will be necessary
that this charge be stated in Process within
a few days. You had better therefore forward
the particulars without delay.

Robert Nicolson's Action

I have lodged Defences for you in this Case, which
will of course be allowed to be seen and answered
previous to a decision. When the Sheriff writes upon
the question, you shall be informed of the result.

Gorie's Debt to Ross

You will be glad to hear, that the Doctor has relieved
you of any further trouble on this score, having some
days

days ago settled the matter to the satisfaction of the
Agent for the Creditor

Gray agt. Johnston
As you are determined to advocate this Process, I
think the sooner it is done the better. You should
therefore urge Mr. Mitchell to put you in a situation to
do so without delay, by sending you a copy of it

I shall attend to your directions for obtaining
a settlement with your late agent Mr. Fotheringham.
You do not mention whether Mr. Cleason in consequence
of your order, received from Mr. Fotheringham, any of your
Papers, or did he not— Please supply me with such
information when you next write.

I am

Dear Sir
