

MSB/7
Waltham Abby, April 5th 1785

Rec^d. the 26th May

Dear Cousin,

To answer your kind wishes of knowing what I am learning I gladly embrace this opportunity of informing you that I am learning English, French, Arithmetic, Drawing, and Dancing all which I like very well & hope my friends will be satisfied with the improvements I shall have made when I am finished.

You cannot think how glad I was when I heard that you were all pleased with my writing, and you may be assured that I will try to improve equally in every thing else.

I am very glad to hear that all friends were
well at Quebec when you wrote to me. May
they long continue so!

Pray give my duty to Mamma, Uncle, and
Aunts, and love to my Sisters and Cousins.

I remain,

Dear Cousin,

Yours most affectionately,

Henry Taylor.

I am very glad to hear that all friends were
well at Quebec when you were in the city
they long continue so

Ever your very dutiful Son
James Oglethorpe
