Of W^m Johnson

You will hear from Henry
how I have exerted myself to write
letters this evening. and if I had
not thought you would be hurt
I should not have written
as you will hear all news from
him. I am sorry you are going
from home at the time he
intends being there he intended
starting off for Albany this week
before he received your letter
and if the air had been of
more the sooner he had been
able to return, in my opinion
the better not to lose more time

Winn is necessary I hope you
will have a safe and speedy
passage to Plymouth. I most
sincerely rejoice to hear Maria
is happy and comfortably
settled that she may ever
remain so is my ardent wish
Tho' Mr. Nugent and her
have never written as your
Brother expected they would
have done my Love to James
and John Ann desires her Love
and Thanks for her Broom
my Mind is very weak

Yours Affectionately

A Taylor

M. Johnson
