

Sir

Kirkwall 8th March 1783

D15/3/9

I am fav^d with yours of the 5th Inst. Hugh Goarston
sent me in the bill L. 17. 6. 3 which is at the Credit of Greensays
and with me and I think myself obliged to you for it.

I would much rather pay your Daughter the money
here and at any rate it will be more regular and proper for me to
take up the rest & give her a bill on Mr. Bonnes for it or any part
that she does not chouse to have in Cash with her. Off this please
acquaint me and I shall comply with any thing that most agrees
able to her — My Sister in Shapensky certainly expects to see her before
she leaves the Country or at least to be advised when she intends to leave
it so so as she may write by her I am
