

I am extremely sorry to hear that your  
son has met with a misfortune. But am happy to  
hear that it is his thigh as there is but one  
bone to set and it will heal in half the time  
you need be no ways uneasy concerning  
him as it will be as well as ever in two  
or three weeks again.

I have sent the Beaver for the  
weights & boards I mentioned to you  
which if you can let me have the use of will  
greatly oblige me if there is a belly for  
weighing meal would rather have it and one  
of the Boards what weights you are so kind  
as send be so good as hold upon a bit paper  
and send me. Margt joins me in best  
Compliments to you Mrs Johnston and  
family and ever am

Your affectionate Friend
