From: Mr Crafts Mackay, London

D^r Cousin,

I have just rec^d one of those dam'd franks w^t these two letters inclos'd, & I find I am to expect another next post which I suppose will be Monday next. If so twill cost me a fine penny for postage. I call'd on Mr Brymer this evening to know whether I should send these letters. He desired me send them, that as the convoy was yet uncertain he means to keep you at school as long as he can, but would take care to watch the time. I do not expect you will be many days in town before you go off. I inclos'd you a letter from your father this day fortnight which I suppose you have rec^d. No more at present. My compl^{ts} to Mr & Mrs Morrison. I long to see you & remain
